

[Looking back on an impactful Strategy Week, where collaborative efforts have the potential to lead us toward a common goal of achieving excellence in global sanitation.](#)

We are excited to announce that the World Toilet Organization has recently completed a strategy week, where we focused on advocating strongly for sustainable and safe sanitation across the globe. We plan to strengthen our organization by appointing a new chairperson who is committed to fundraising and leveraging influence for positive change. Additionally, we are working on refining and enhancing our products and services to ensure maximum impact.

Stay tuned for updates as we work towards a cleaner and brighter future for everyone!

Introducing the All-New World Toilet Organization Membership Program!

Are you ready to join a community dedicated to making a global impact? Look no further! The World Toilet Organization (WTO) is proud to present our latest membership program packed with exclusive benefits that will leave you flushed with excitement.

[Click here](#) to find out all the details regarding our new membership benefits, exclusive offers, and how you can join us in shaping the future of global sanitation.

With this, we are also delighted to introduce the newest members who have joined our cause, bringing fresh perspectives and expertise to our community.

Mister Loo: Joining forces with us are co-founders Dominik Schuler and Andreas Wanner, driving public health empowerment through smart sanitation solutions across Asia. With over 80 locations in frontier markets, Mister Loo AG delivers comprehensive services, directly contributing to a better, more affordable sanitation infrastructure.

One Hundred Restroom: The founders Bram Gleichman and Marielle Romeijn are experts in the world of 'loos' with an extensive experience in the field of restroom branding, building and operations. Together with the team they have been able to create a leading position with ideas and power to change the game in the area of public restrooms, with proven success and results.

Sanitation Ambassadors:

Champions of innovative solutions in Africa, led by visionary Birger "Burger" Lundgren, committed to ensuring secure and efficient sanitation facilities for the continent's schoolchildren.

Paul Fameli:

Joining as a friend to the WTO family, contributing to our shared dedication to sanitation advocacy worldwide.

UPCOMING EVENT

WASH-RAG World Water Summit 16

The theme, "Sustainable Sanitation: We Can't Wait" underlines the critical importance of sustainable sanitation in community health, economic growth, food security, and the alleviation of poverty.

One of the Keynote Speaker is Jack Sim, Founder and Director, World Toilet Organization. Register [here](#) to join.

World Water Summit 16 - SUSTAINABLE SANITATION - we can't wait
